

# Quick Start Guide - Android StockMove Express

## Phone Requirements

**Stock Move Express** for Android requires a smart phone or tablet running Google's Android operating system version 2.2 and higher. The phone or tablet must have Bluetooth to link to a Shearwell stick reader and will need Internet access via mobile data or WiFi.

1.

### Download StockMove Express

- ▶ Touch the Google Play Store icon on the home page on your mobile phone or tablet. New users to the Play Store may be required to set up a Google account.
- ▶ In the search box at the top, search for 'shearwell stock move'
- ▶ Select **StockMove Express** in the search result, then press **Install**.

2.

### Register with NLMD-LT

You must have an NLMD account to use StockMove Express.

- ▶ Open **StockMove Express**. Register as a new user or log in if you already have an account.
- ▶ You can also register online at [www.nlmd-lt.co.uk](http://www.nlmd-lt.co.uk)
- ▶ Remember your user name and password - you will need them to log into **StockMove Express**

3.

### Connect to your stick reader

- ▶ Turn on your stick reader.
- ▶ Open **StockMove Express**. Touch **Settings**.
- ▶ Touch **Connect to Reader**. Touch **Connect**.

4.

- ▶ Touch **Scan for Devices** to find the Bluetooth signal from your stick reader.
- ▶ Touch your stick reader Bluetooth number (ex. SDL400-XXXX). See your stick reader manual for help finding the Bluetooth number.
- ▶ Type in passcode **1111**. Touch OK.
- ▶ When the stick reader shows as **Connected** you are ready to scan tags.

5.

- ▶ Escape back to the home screen and select either cattle or sheep to start.
- ▶ Choose an activity to record.
- ▶ Whenever you touch the field **Add Animals** the stick reader will connect so you can scan tags.
